

Krisztina Kovari

Junior Web Developer

👤 Profile

Junior Web Developer excited to build a carrier in software development. As a Le Wagon graduate, ready to utilise all the knowledge base acquired during the course and to bring competencies to the next level. Familiar with basic web programming concepts and best practices in Ruby on Rails framework, MVC, PostgreSQL, Github, and front end tools, like Javascript ES6, AJAX, SaSS. Product and customer oriented. Able to effectively self-manage during independent projects, as well as collaborate in a team setting.

📁 Employment History

Full Stack Web Developer at Le Wagon, Amsterdam

September 2018 – November 2018

- Final project: a mobile sized web app that helps teachers to find substitute teachers in their field easily.
- Designed various apps during the bootcamp from scratch, full stack (CRUD)
- Followed policies and procedures related to application methods and quality standards at all times.

Non-Linear Supervisor at Viacom, Amsterdam

June 2016 – January 2018

- Managed an operational team responsible for Viacom content delivery to cable networks, websites across the globe (Amazon, iTunes, Ziggo, Singtel etc).
- Supported technical setup of B2B clients.
- Assisted internal software development to produce, store and share artwork.
- Established workflow for new multi-platform services of 15 + mobile and web applications.

🎓 Education

Graduate Batch#183, Le Wagon, Amsterdam

September 2018 – November 2018

Le Wagon is a very product-driven program teaching the core concepts of programming and web development. During the course, I learnt how to build robust and beautiful web applications, collaborate within a team of developers and adopt the technical workflow followed by successful startups.

Master of Hungarian Language & Literature, Eotvos Lorand University, Budapest

September 1996 – June 2001
